

REFLECTIONS

Principal's Message

I consider it an honour to have been asked by the Editor-in-Chief and staff of "REFLECTIONS '68", Oakdale's first full scale year book, to write a message to the students. May I first, however, express the appreciation and thanks of the student body and staff to the Editorial Board and its Staff Sponsors for the "blood, sweat, and tears", they have put forth to produce this excellent year book. In the years to come it will help bring back many happy memories.

Our school has as its motto "En Avant", a French expression which, literally translated, means "FORWARD". Students of to-day more than ever before in the history of our country are conscious of the need to be prepared for the future. "FORWARD"! Moving forward is moving toward the future. Education is the "FORWARD" word.

It is the purpose of our educational system through its schools and teachers to guide and direct the young people of to-day, through the study of the stories and theories of the past and present, to look forward, to think forward and to move forward into a successful and peaceful future.

During Canada's Centennial Year of 1967 millions of Canadian boys and girls began to think seriously about being Canadians. They travelled and saw more of Canada than ever before. They learned of Canada's "Forward March" over the past one hundred years.

As you now move forward through the first year of Canada's Second Century, may you as proud Canadians and proud students of Oakdale Junior High School set your ambitions "Forward". Do not be satisfied with just working in an ordinary or average way. Be the best of whatever you choose to be.

I wish to leave a message to our graduating students. Most of you have been students at Oakdale for three years. Your school is proud of your growth and your accomplishments. It thanks you for what you have done to make it a school that stands strong and firm as an educational centre in the community. May each of you enjoy good health and success as you move "Forward" into "your" future.

G. W. Clipperton

Chairman's Message

Canada is a young land and a land of young people. The Centennial Year and Expo '67 were resplendent in the enthusiasm of youth. Imagination and youthful vigour characterize those who will determine the direction of Canada's second century.

In North York we are proud of our students' scholarships. But our pride is not limited to the accomplishments of those who achieve awards--it extends to every student who is using his talent to the best of his ability. The effort to do one's best is obvious in searching for a deeper meaning

of each subject, the school spirit, the willingness to exercise responsibility for others and in the total development of each student. As citizens in your school community, you have demonstrated your ability to adapt yourself to a changing and a readiness to implement knowledge in the evolution of a most enlightened society.

As you leave our school, home and companions to enter broader fields of endeavor, may you keep your vision, retain your vision, retain your integrity and challenge your intellect day by day in the excitement of discovering tomorrow's world.

Bruce C. Bone, B.A., C.A.,
Chairman,
The Board of Education for the
Borough of North York.

Editor's Message

We have tried, in Reflections '68 to cover the complete school year of 1967-68. This book is the result of many hours of hard work by a devoted few. We hope that within Reflections '68 Oakdale's school spirit is shown by seeing and realizing just how active a school life is.

As Editor-in-Chief, I would like to commend you, the students, and particularly the yearbook staff for your cooperation and acceptance of the stiff job that was before you, especially since this is our first yearbook. I hope that this year has been the beginning of a tradition at Oakdale--one that will be carried on in the future.

Rae Nishimura,
Editor-in-Chief

Rae Nishimura

President's Message

Good school spirit is a most necessary characteristic if a student body is to have a successful and enjoyable year. I sincerely feel that the students of Oakdale had this sense of unity which was definitely displayed in projects such as the "Over the Top" United Appeal Campaign, the unforgettable Expo Trip, the trip of our French students to the Quebec Carnival, and finally, this excellent first yearbook, REFLECTIONS '68.

On behalf of the President and members of the Student Council, I wish to thank the students and staff at Oakdale for the support they gave us this year.

Expo

In mid-October, 130 of our students went on a four day trip to Expo.

Quebec Carnival

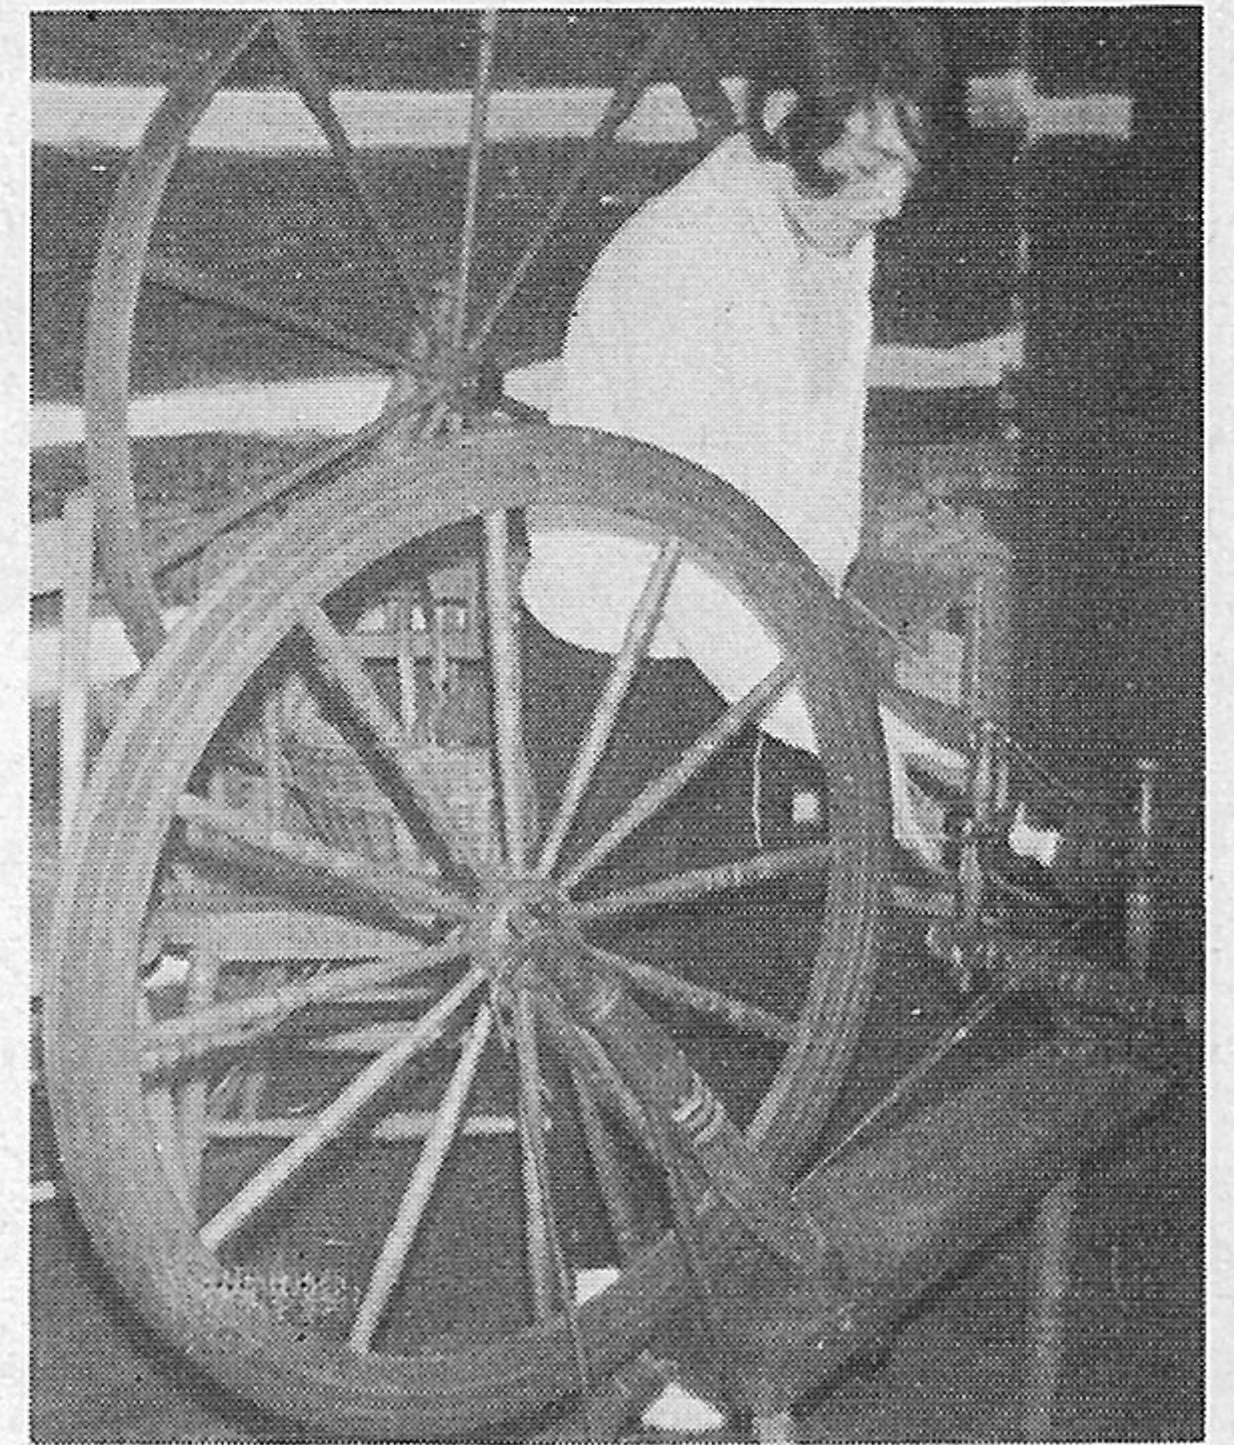

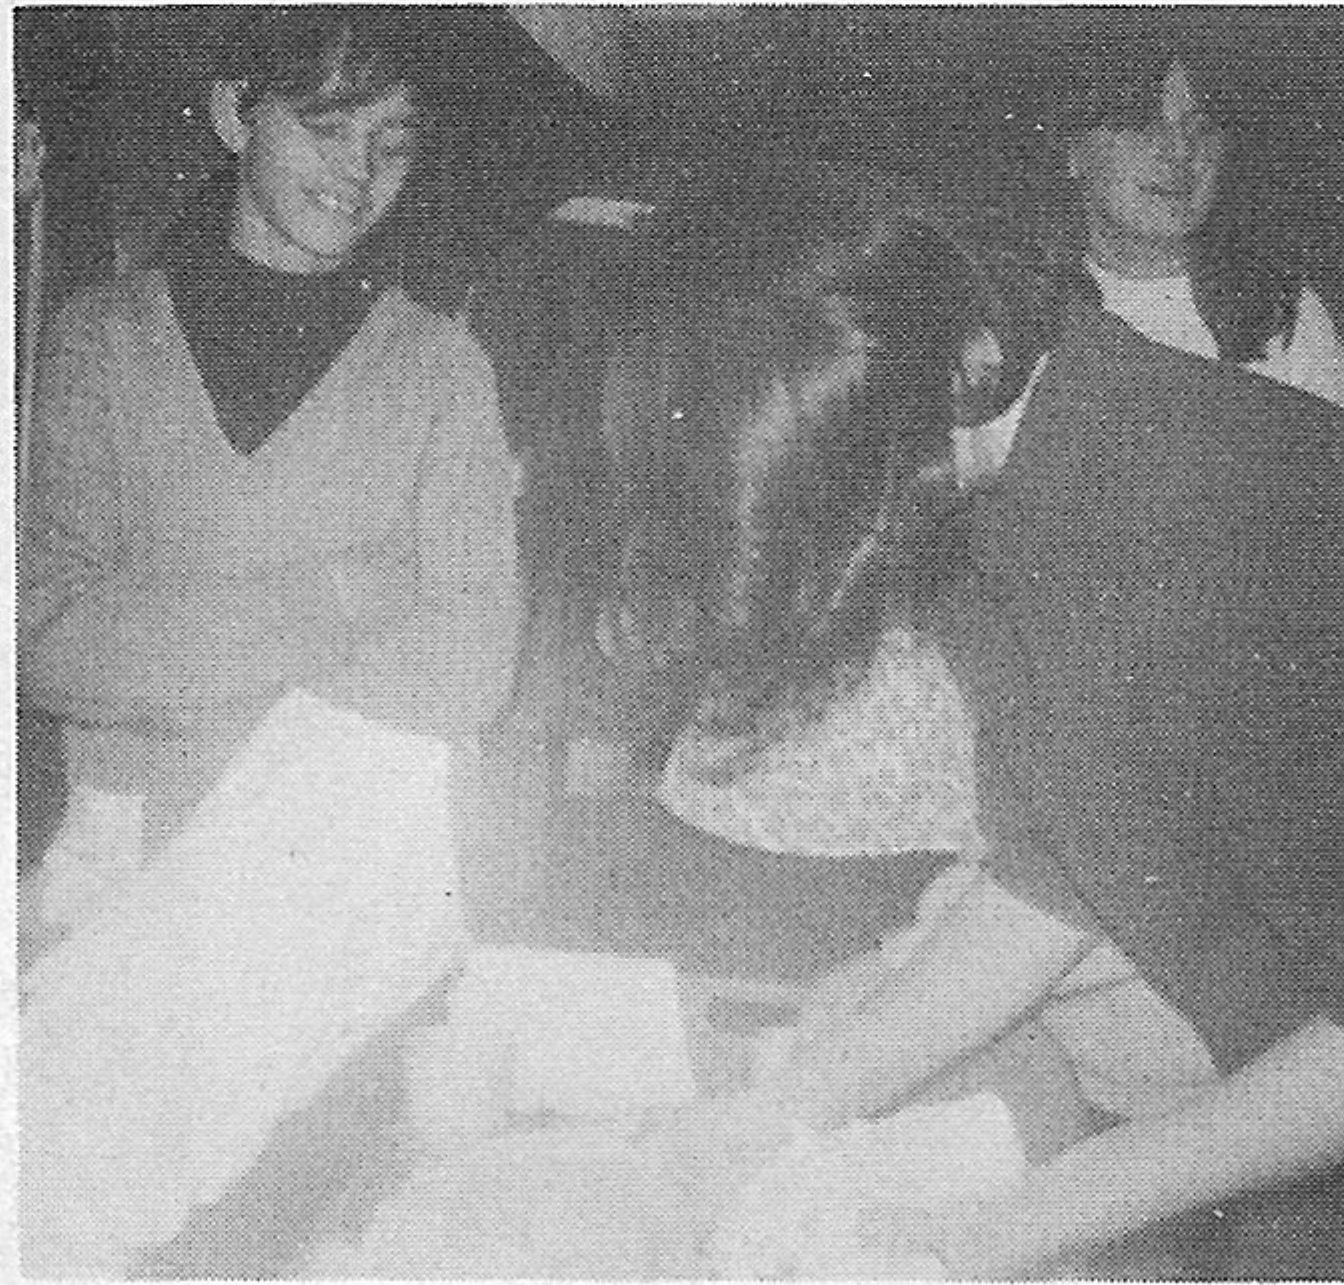

Accompanied by M. Routhier, Mme Baker, and Mme Sapiro, thirty-two students left on February 15 by train to see the Quebec Winter Carnival. We stayed in a comfortable house which was to be large and spacious but turned out to be petite. Girls slept in two bedrooms and a hall with boys sleeping-- who knows where.

Our visit to Institute de Ste. Louis was interesting- especially meeting the opposite sex. The supper was good and the dance great.

Saturday was spent with each of us going our own way, getting lost and having fun doing it. Tired, but happy we returned on Sunday February 18, hoping our new "bonnes amies" from Quebec would write us soon.

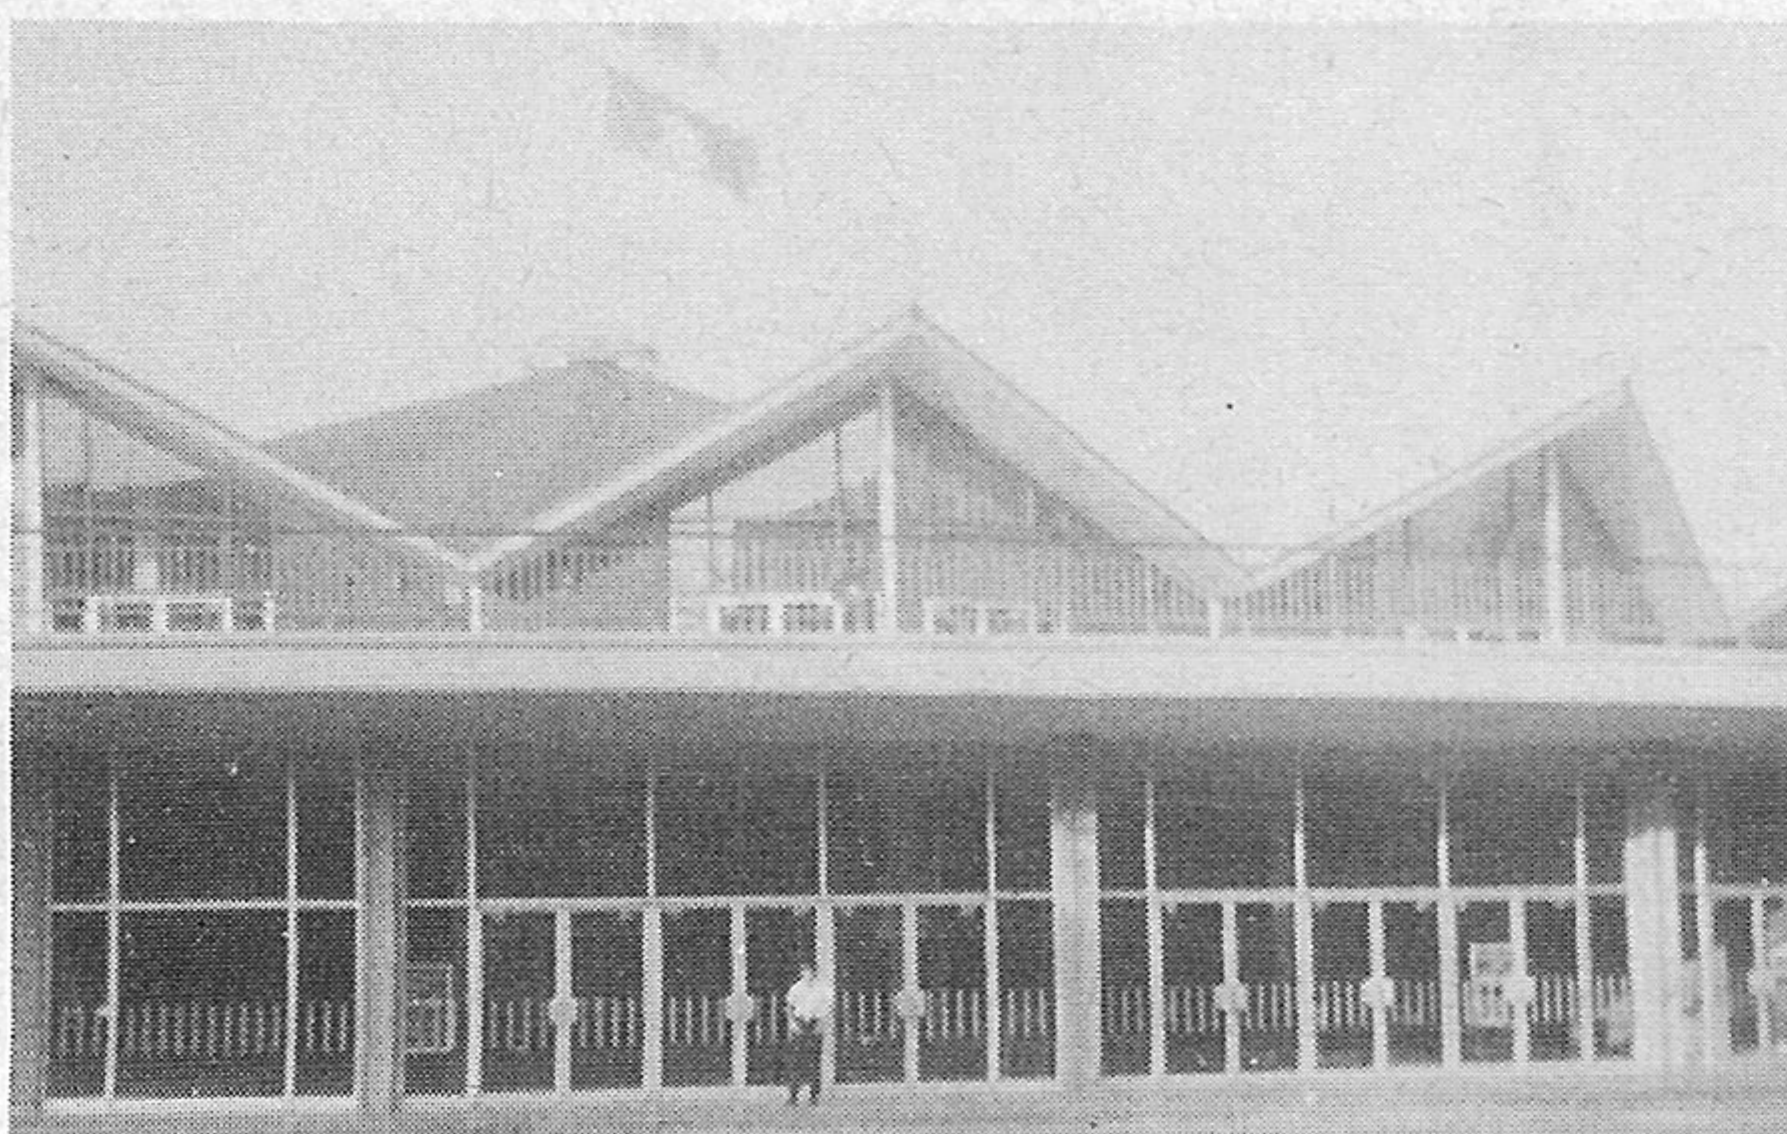

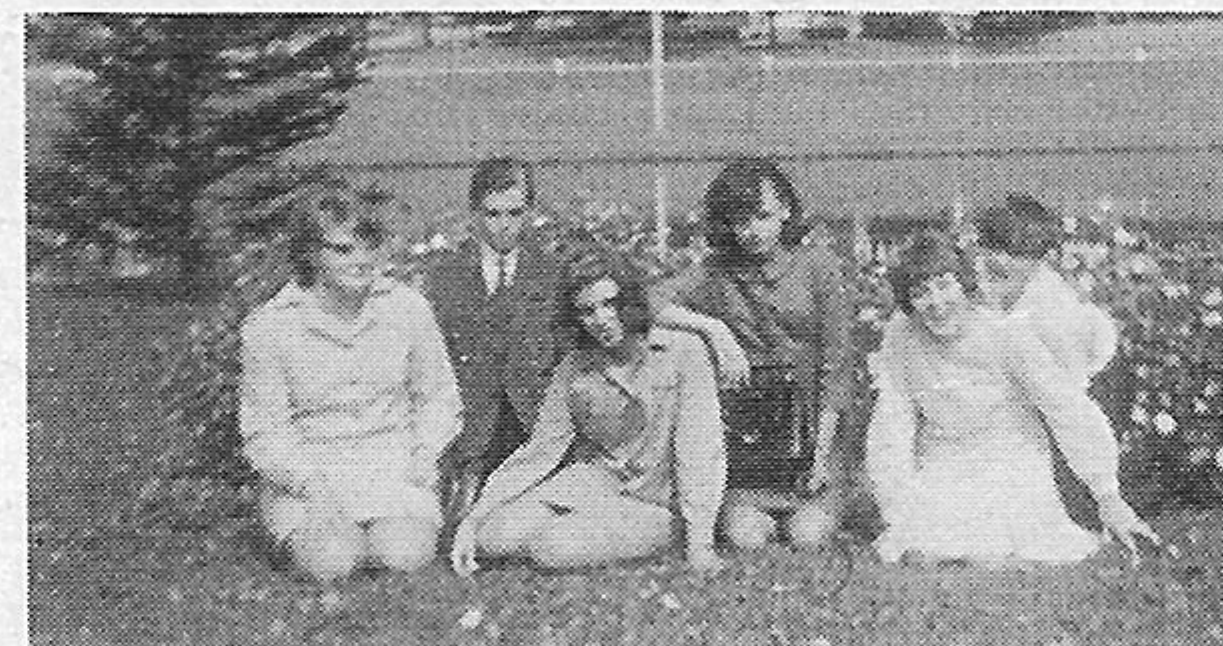

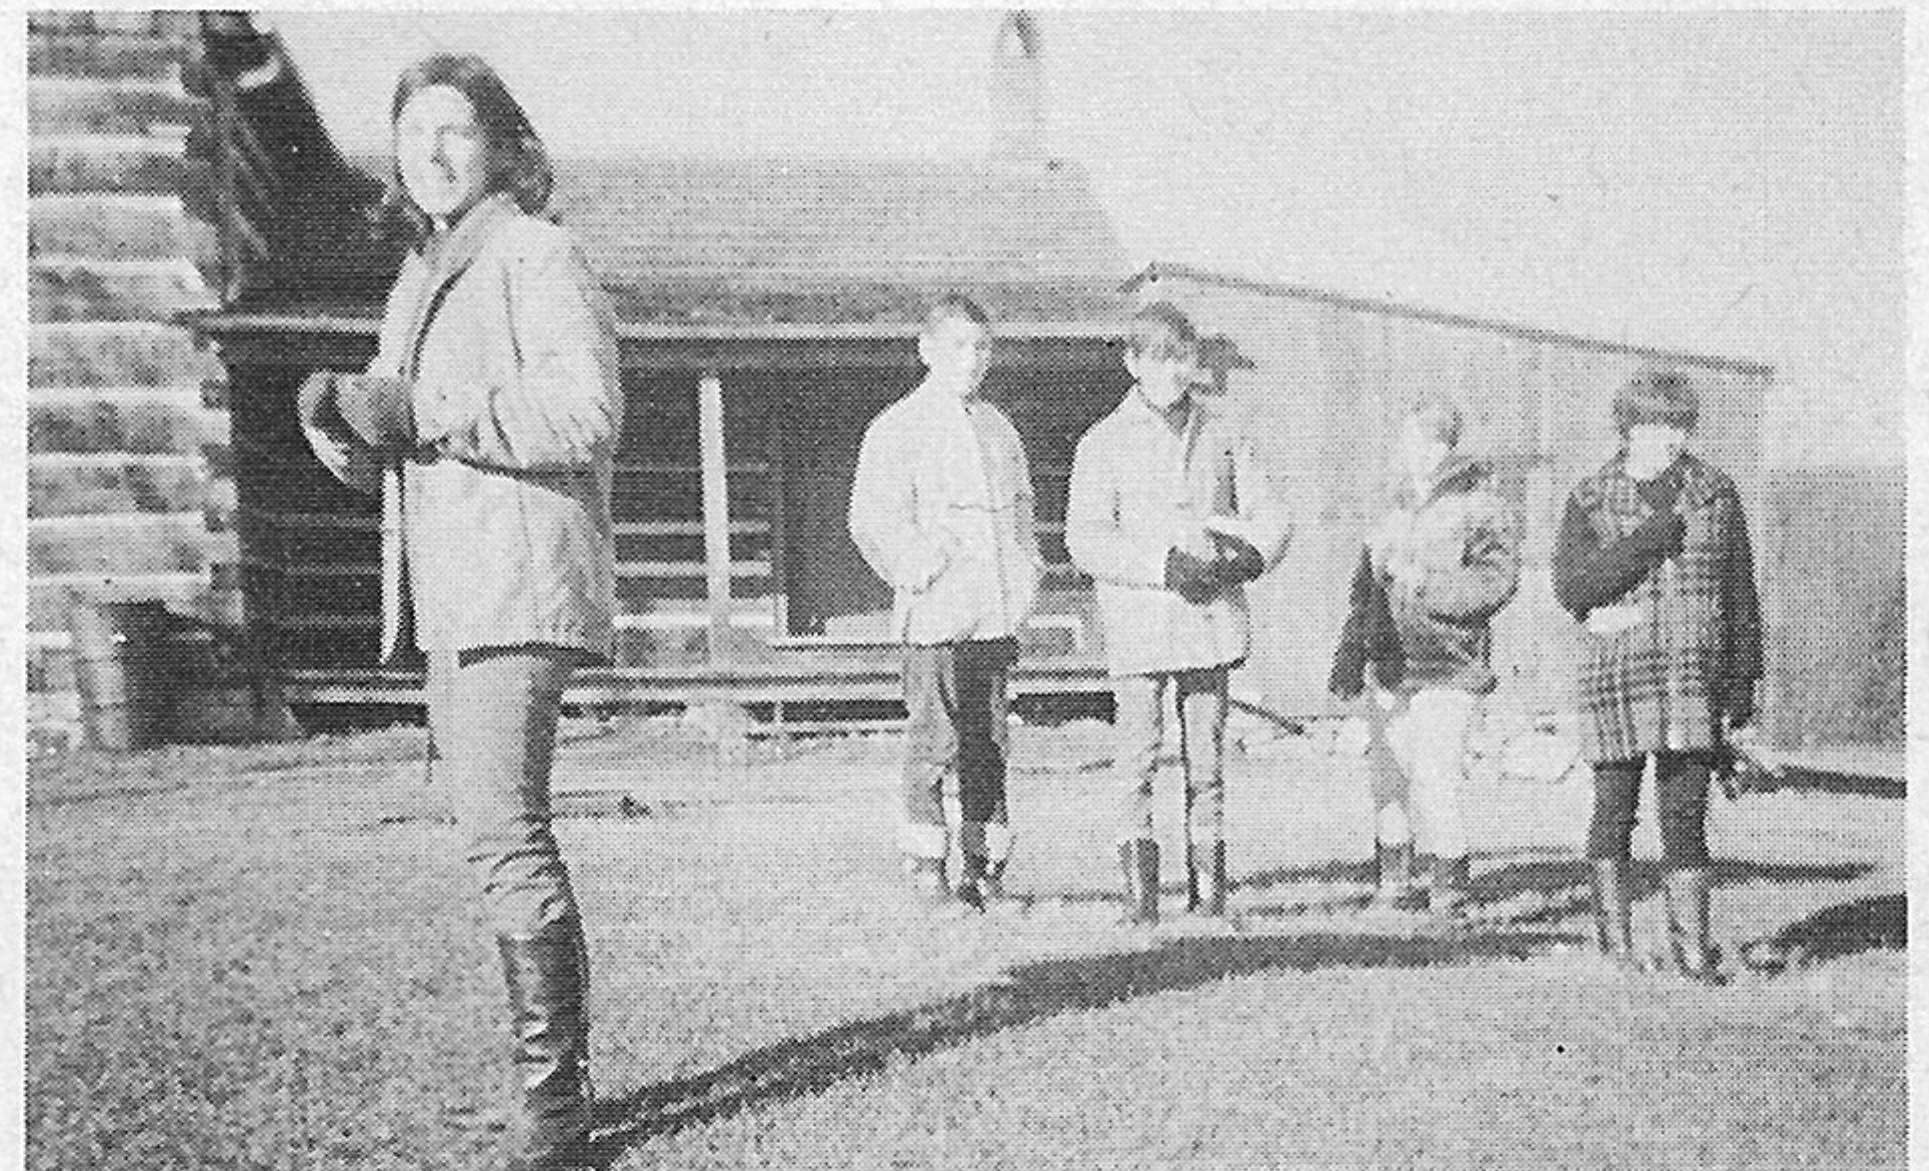

ALBION HILLS

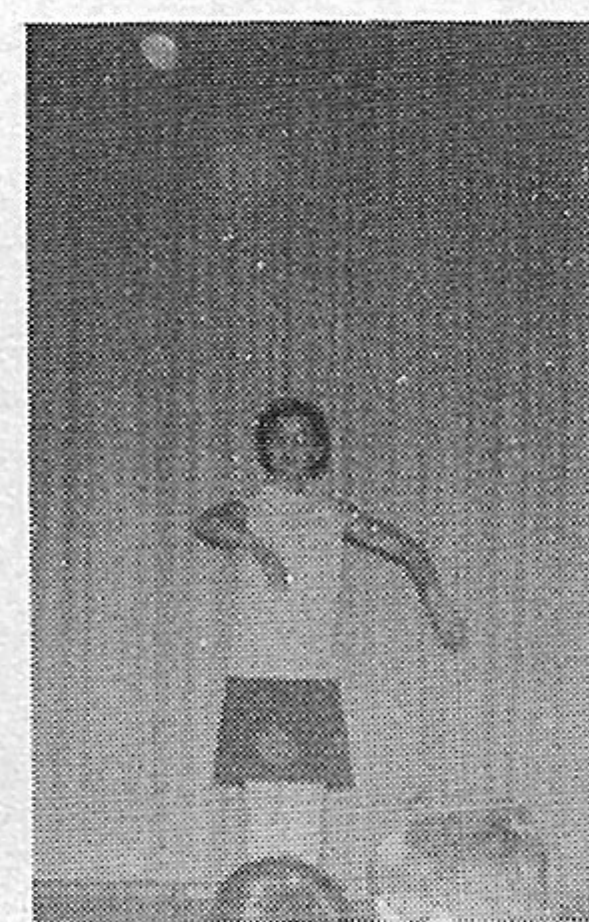

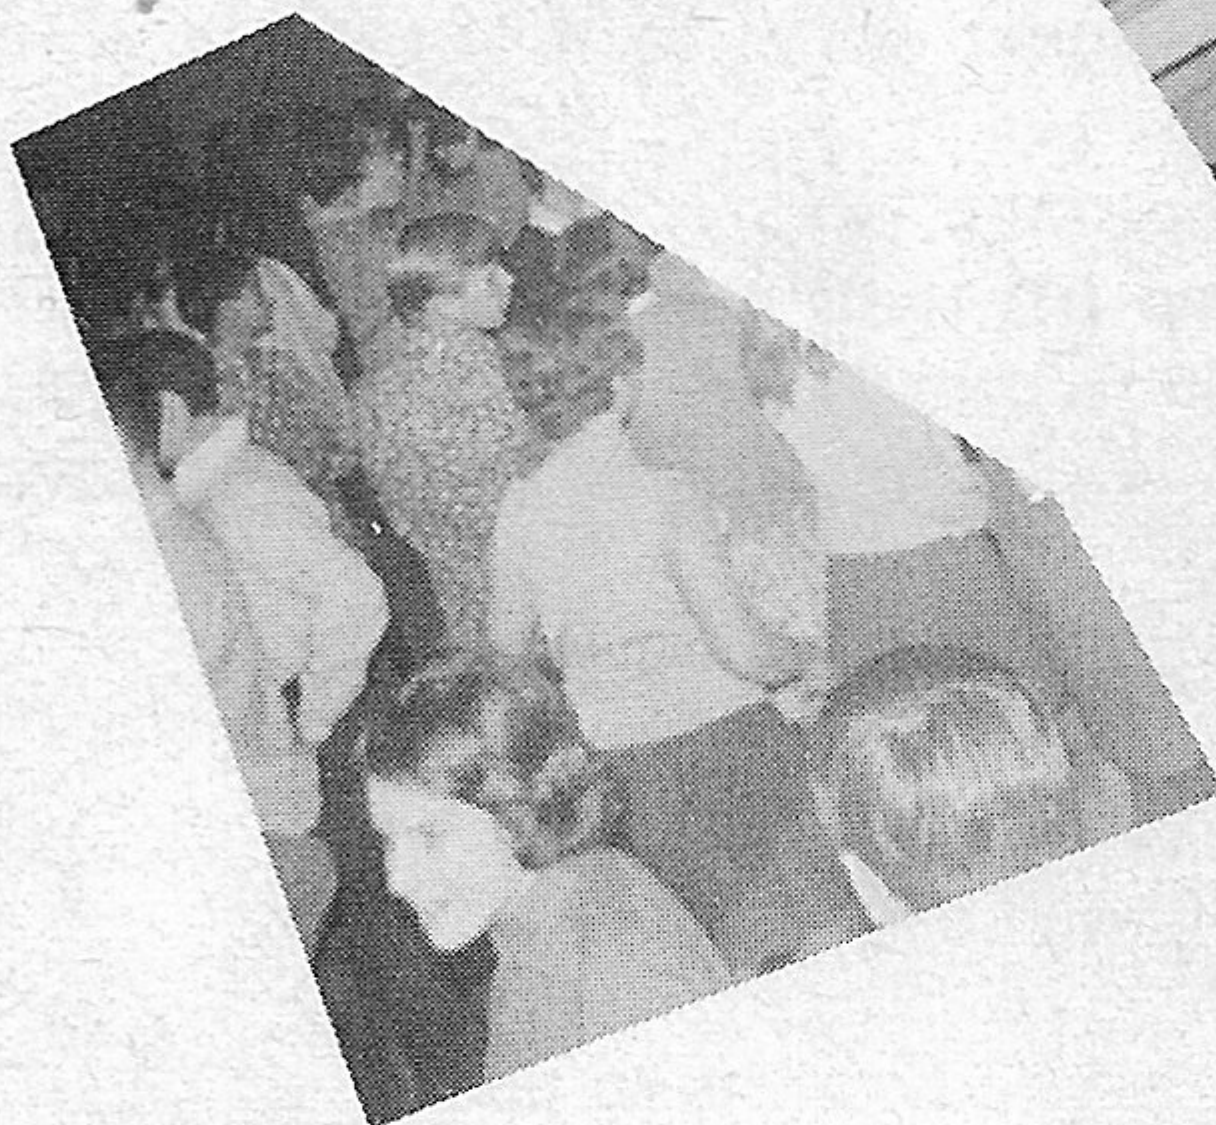

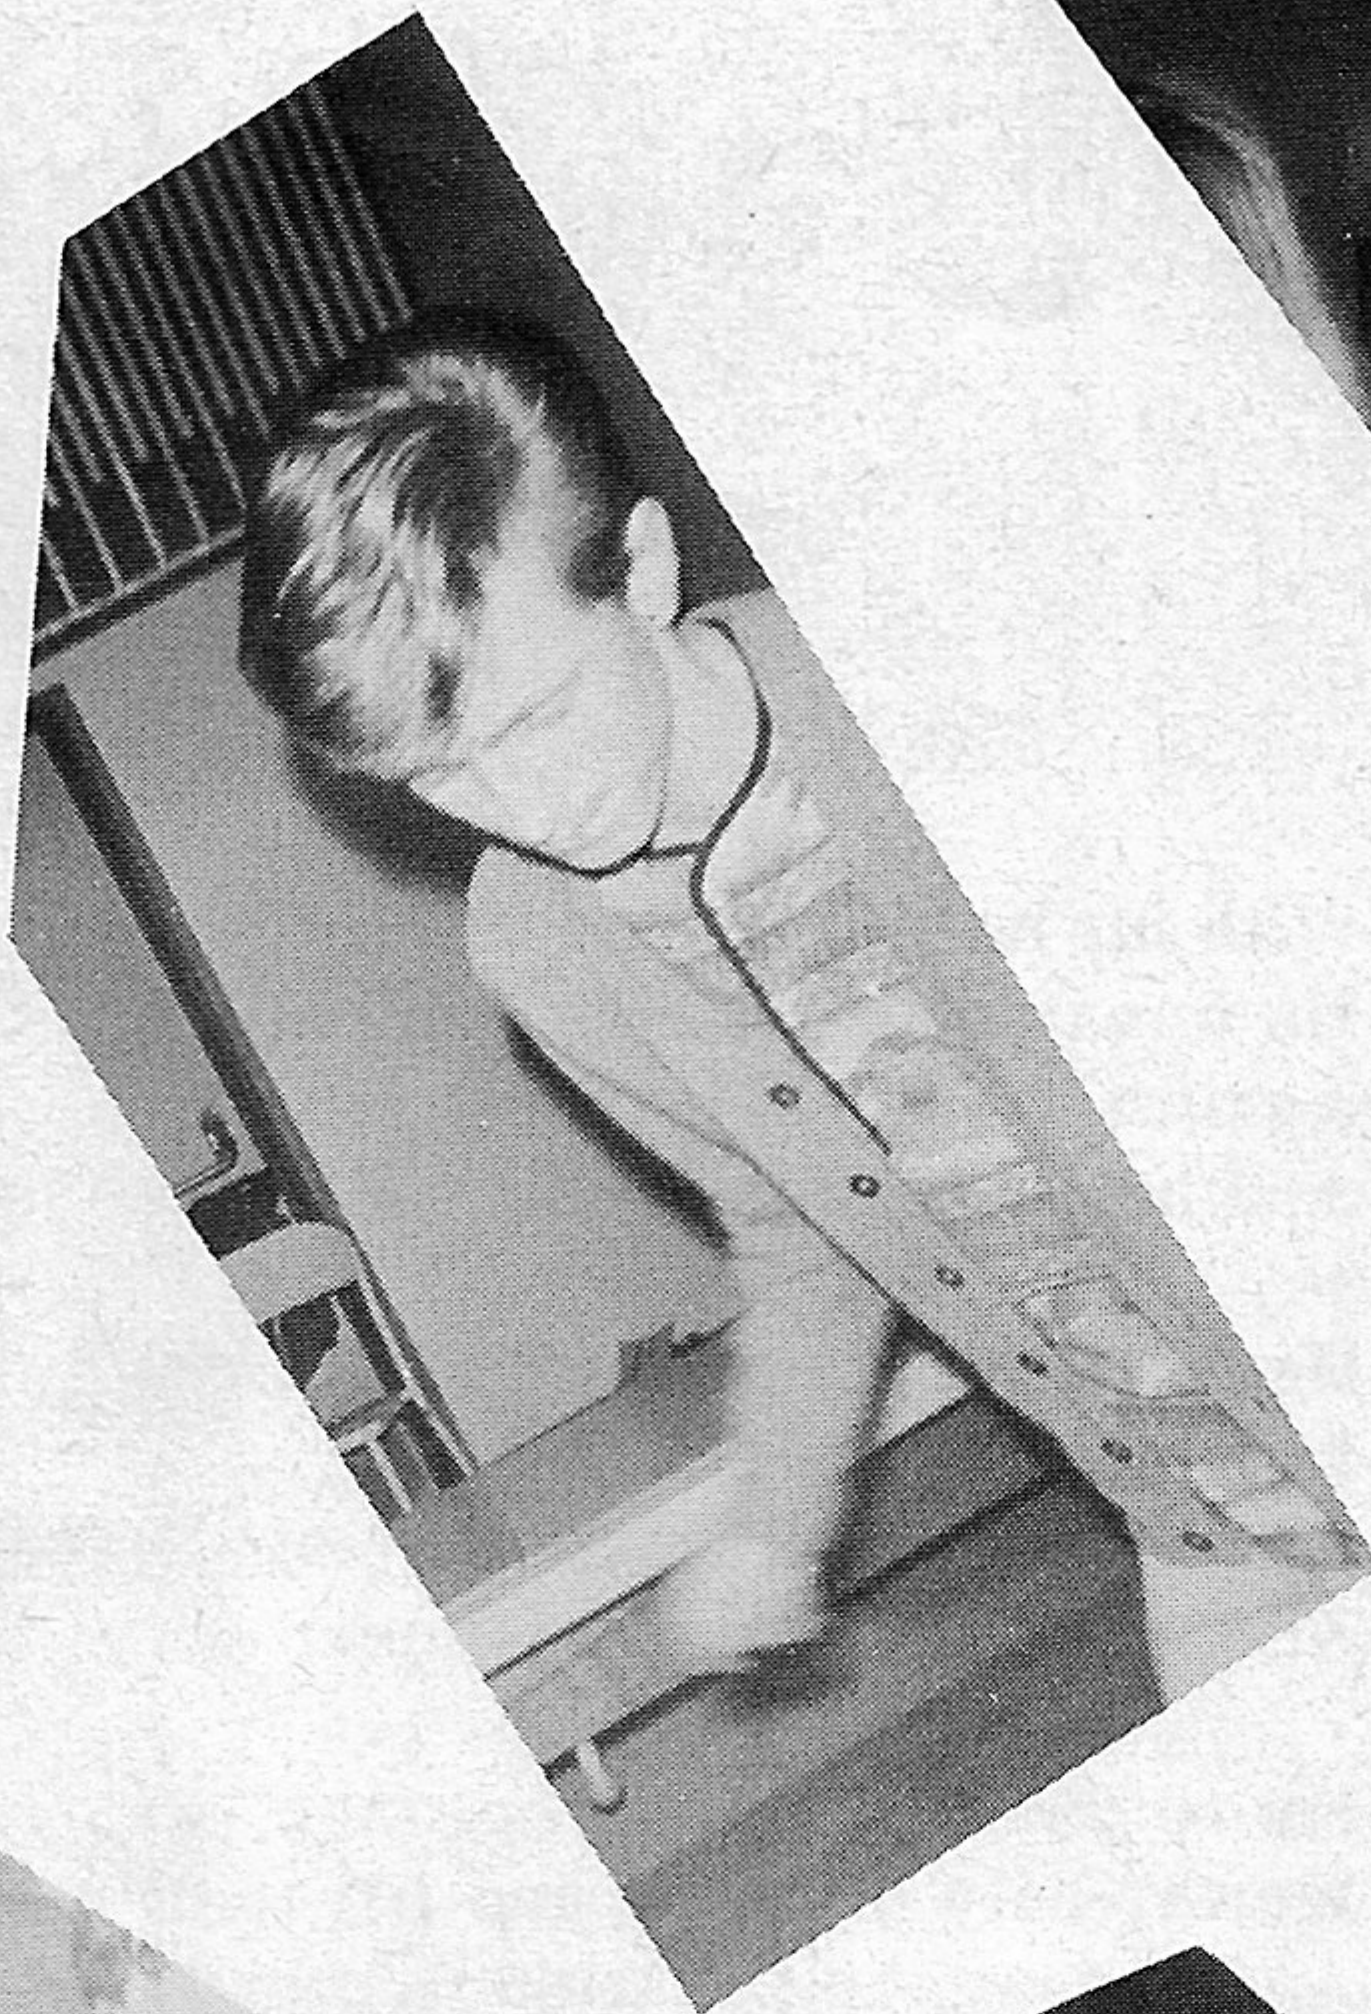

From December 18 to the 22, twenty-two students from Oakdale had the time of their lives at Albion Hills Conservation School. Along with 18 students from Wilson Heights Jr. High they visited Albion House, a pioneer home, went on a bus trip, fed cattle, washed dishes, tramped on three or four hikes and had so much fun, no one wanted to leave.

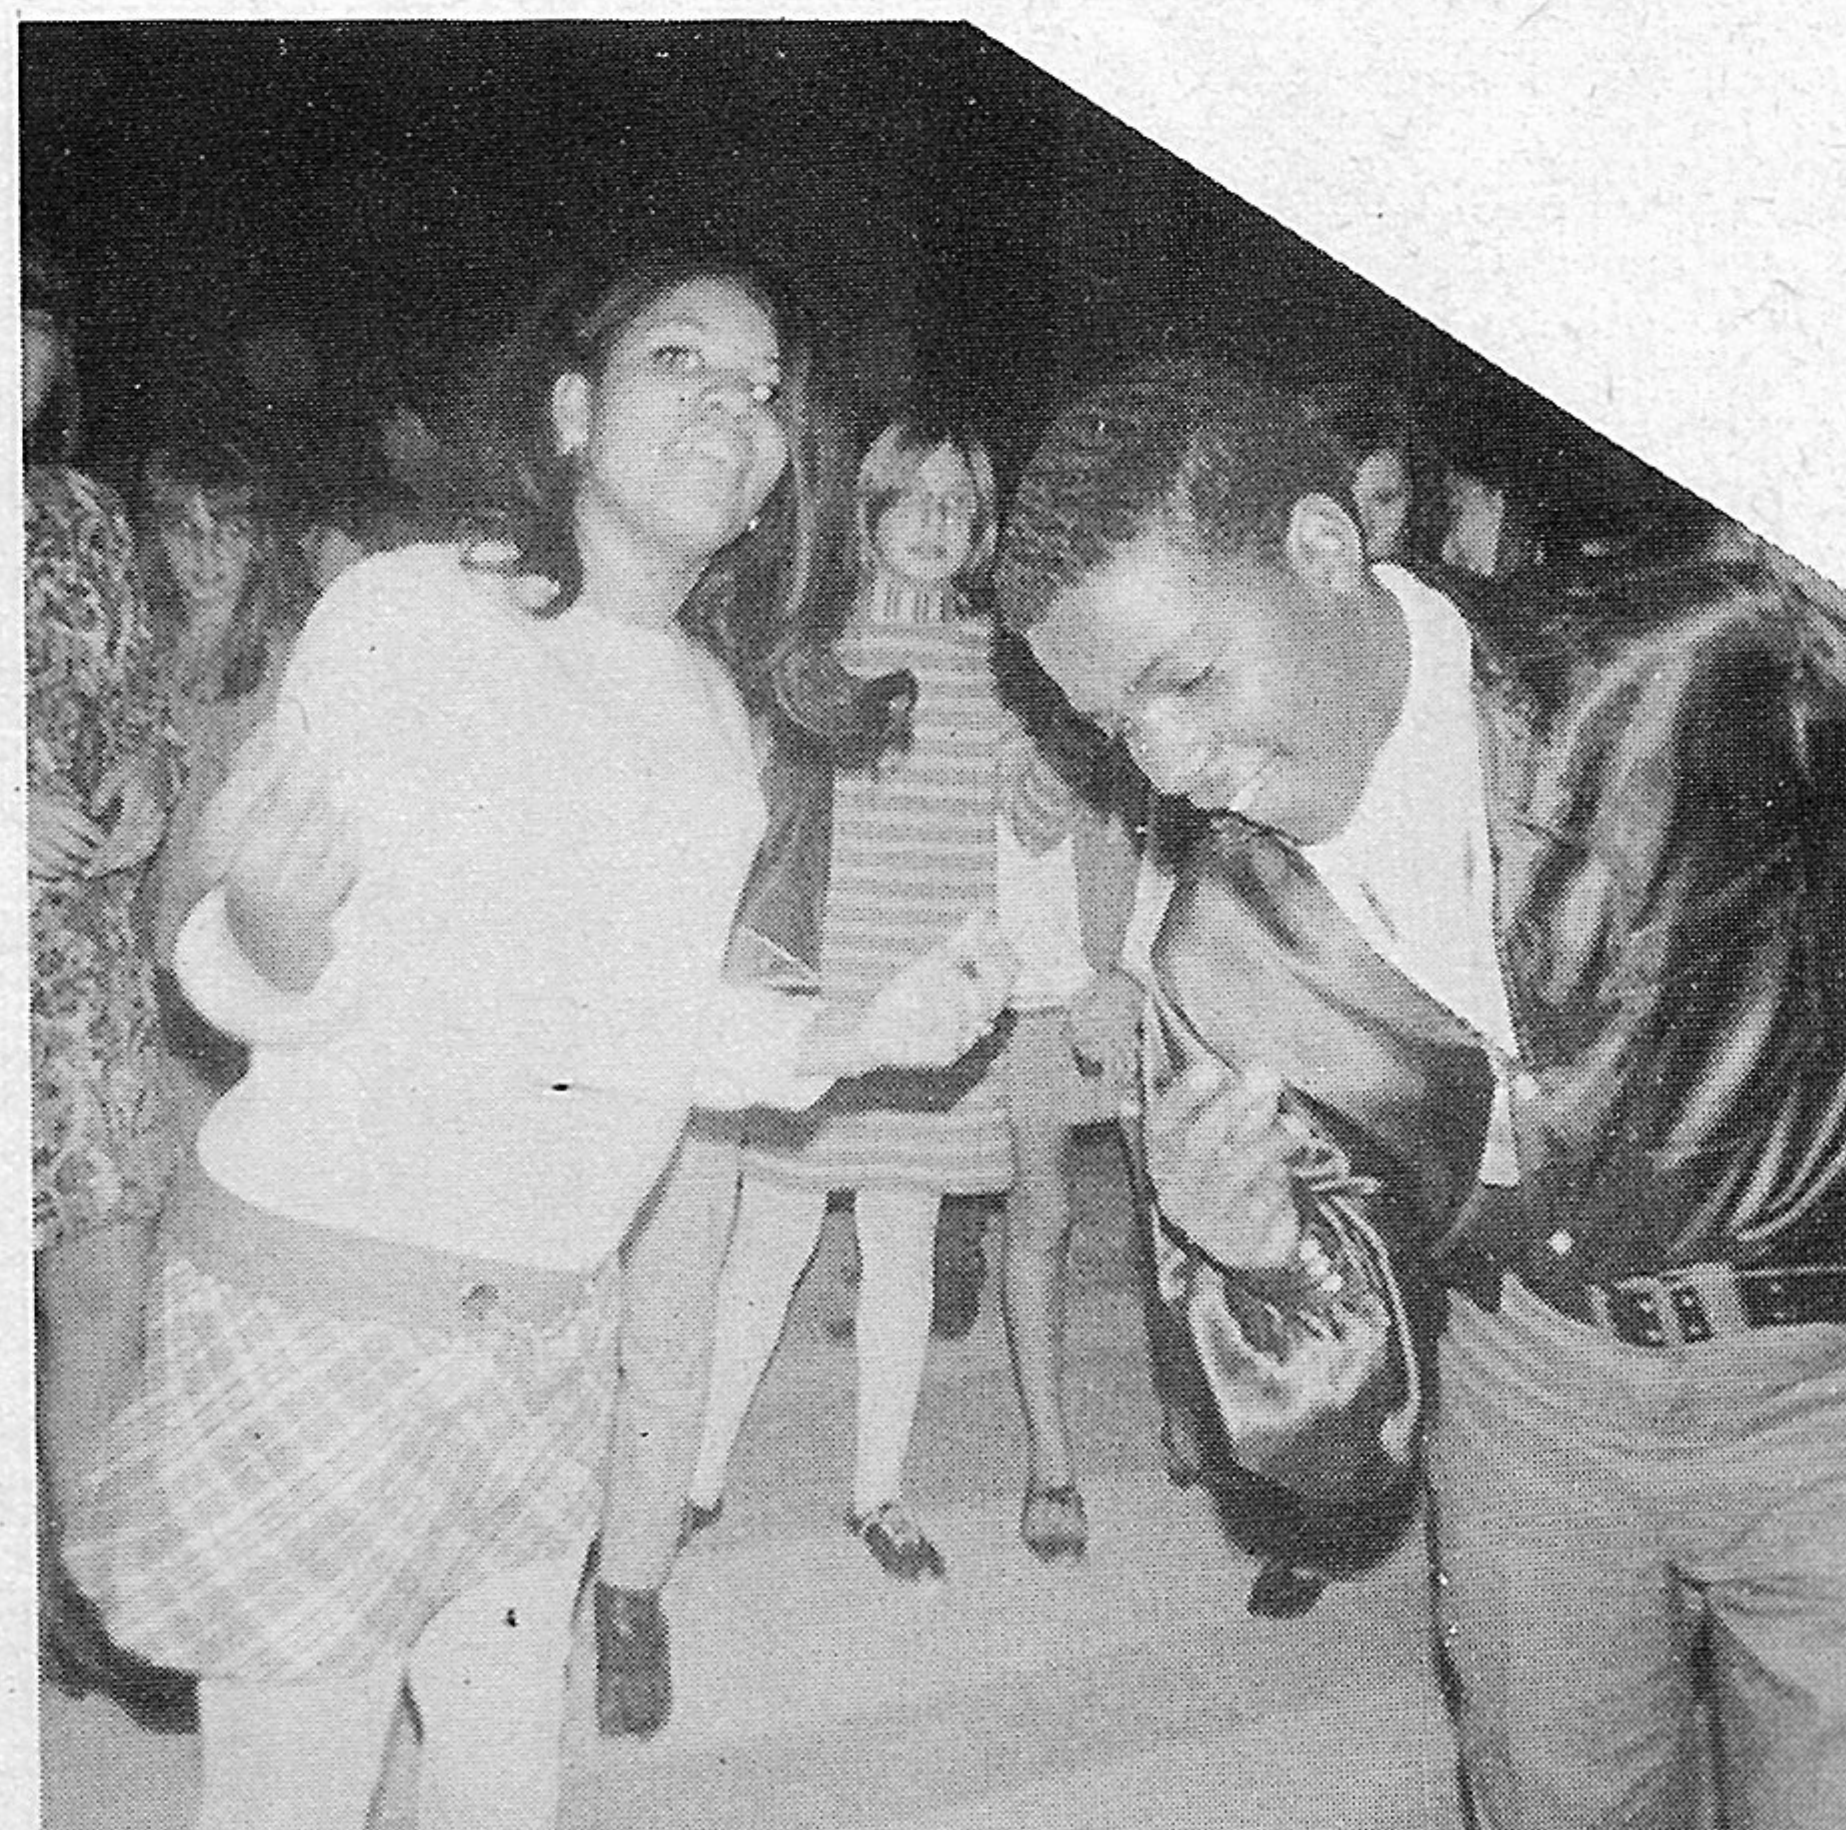

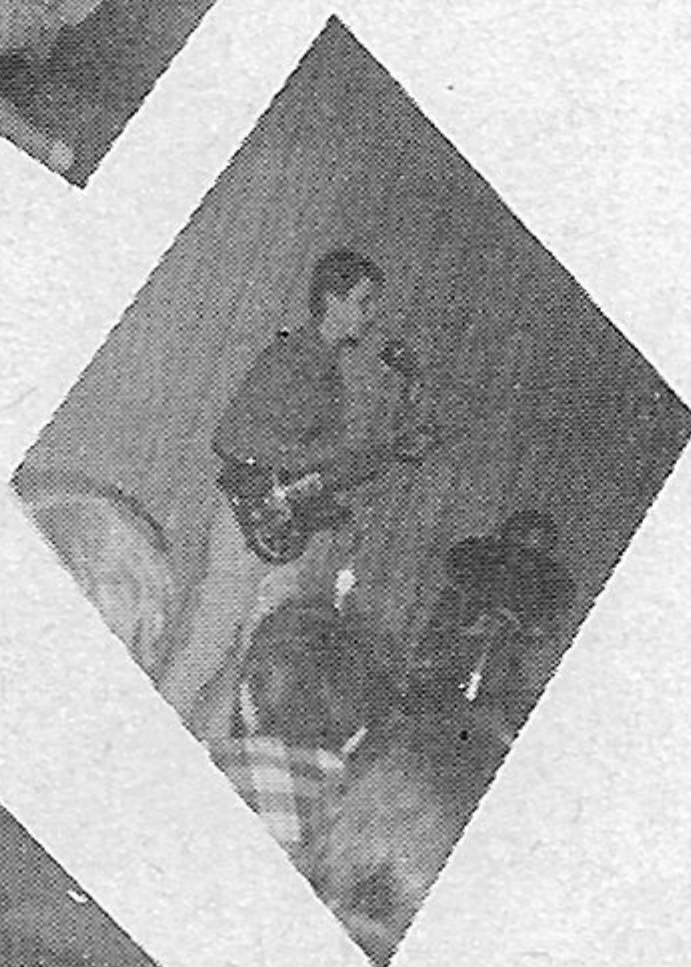

STRATFORD

On September 18, 1967, thirty students from Oakdale went to Stratford Theatre and saw Richard III starring Alan Bates.

Dances

THE NEGRO'S DEATH

With his head bent low under the bite of the lash,
He screams his torment, and his eyes do flash,
Against the world which is so white,
And because he is black, has to lose his right.

He lifts his face up towards the sky,
And begs God to hear his cry,
But as the blows rain harder, his head again hangs low,
And his white tormentors sneer at the pain of each blow.

For to them he is only baggage, a dog, a black.
Worthy only to work, and fill their money sack.
And because he has tried to protest, though a slave and alone;
They have flogged him, and stripped him of flesh and bone.

Finally they drag him from the flogging grounds,
To a hovel, where he lets out all his sounds
of agony, as he lies on a floor of mud,
With his cuts lying open, and his running of blood.

With pain and torment, his body starts to nod,
And he realizes there's only time to pray to God,
So with clasped hands and a head bent low;
He prays as he dies, and to heaven he will go.

FREEDOM

What is freedom?
Freedom is to be able to speak in any language,
And to be proud of it.
To speak freely anywhere or any time.

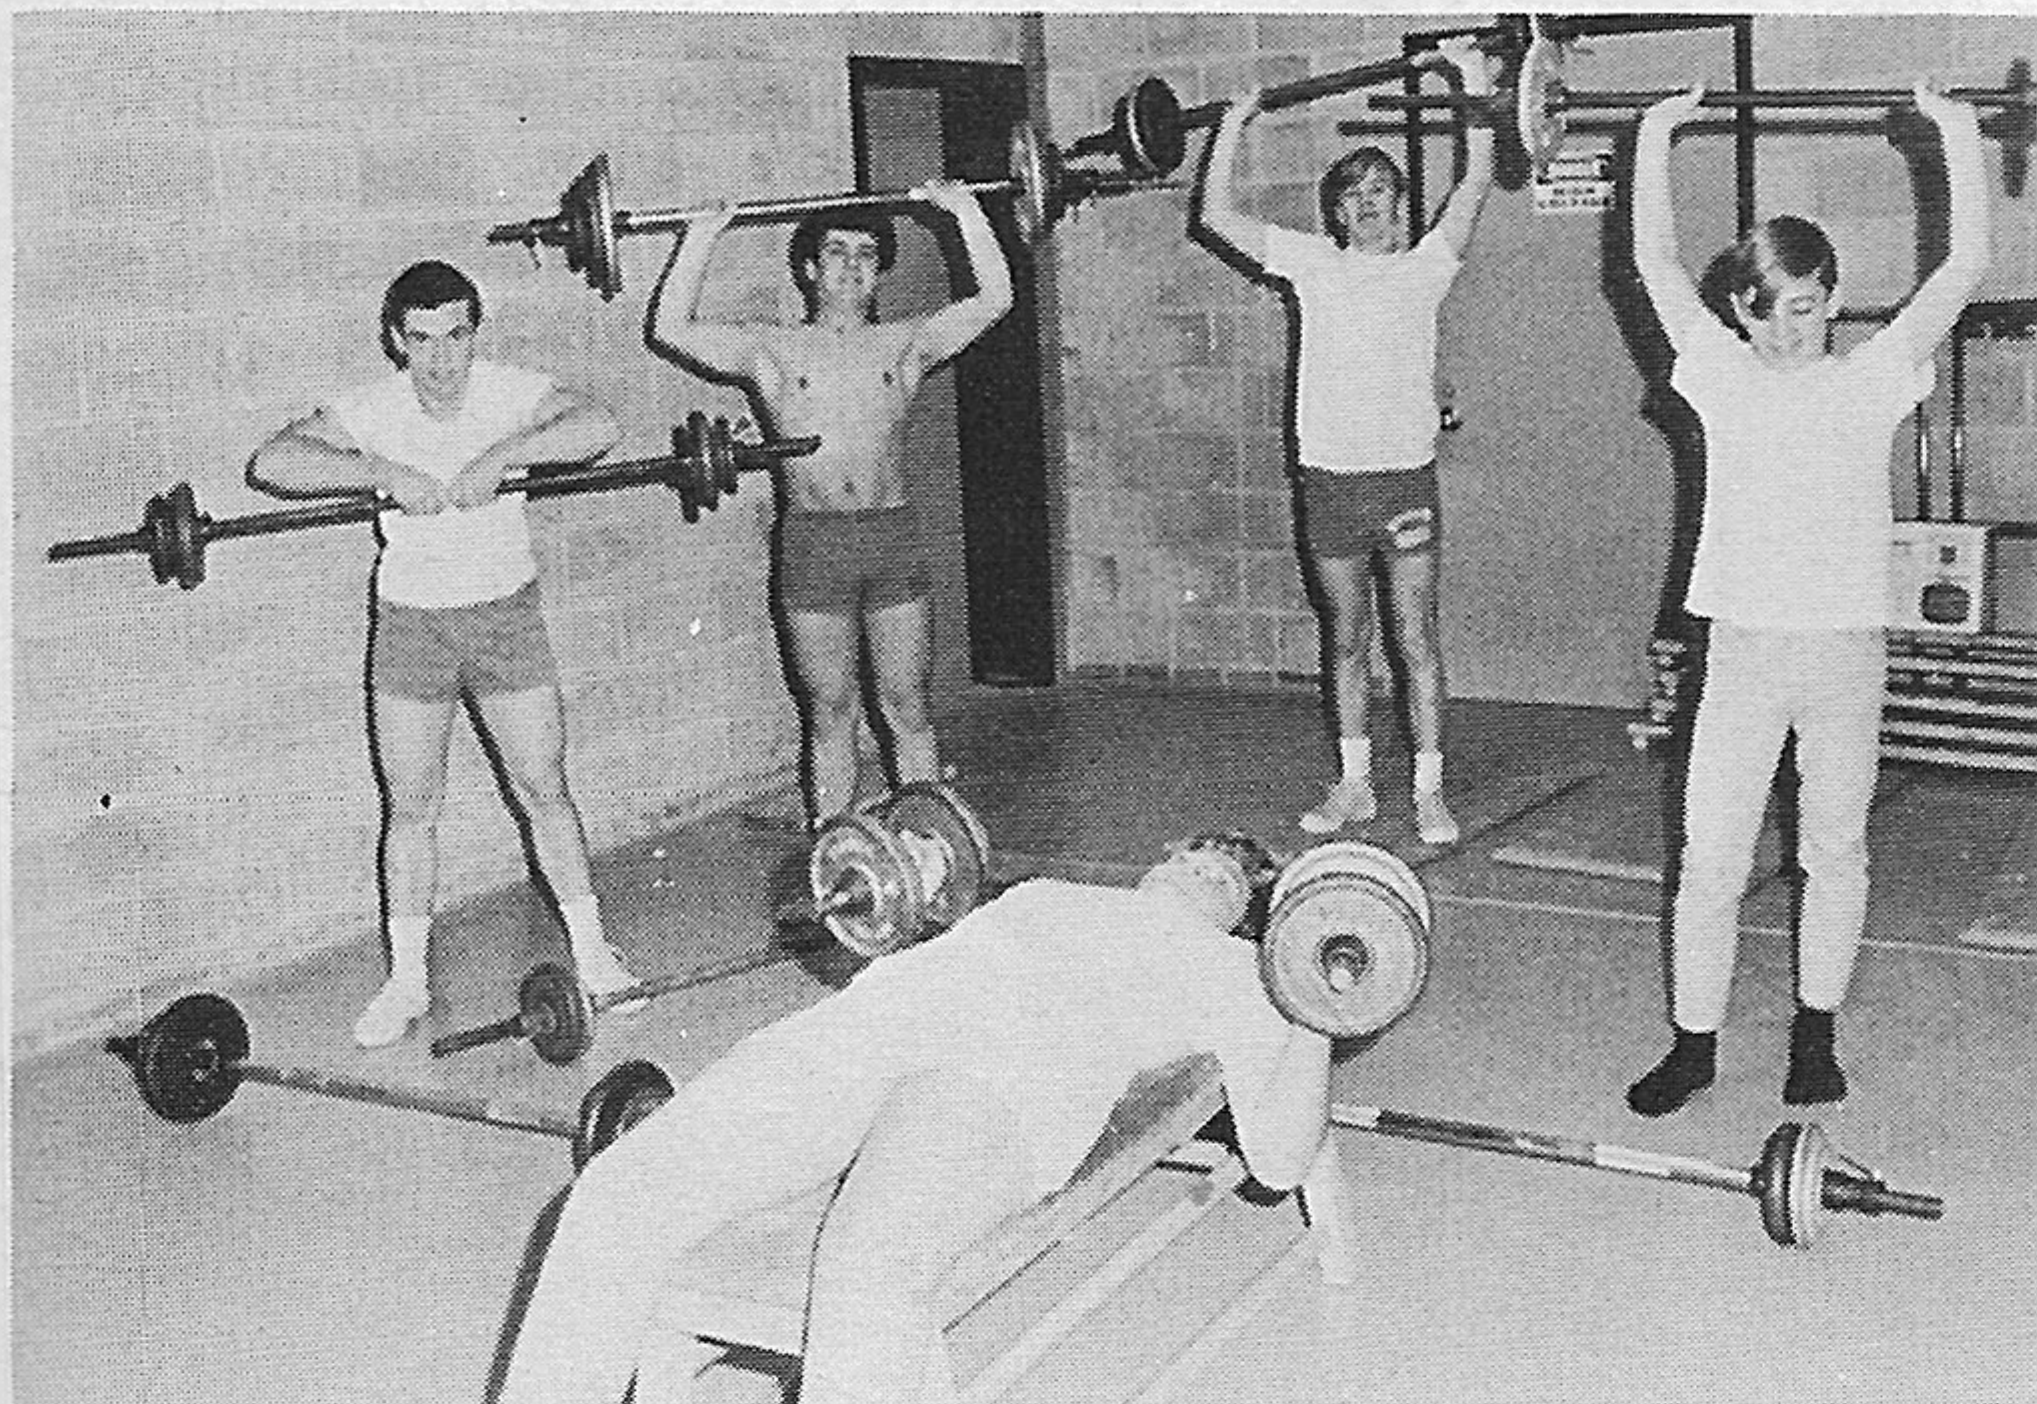

Freedom is to be able to think,
With a clear conscience;
And to be proud of what you are;
To be able to walk the streets with no shame.

Freedom is mostly in yourself.
Is freedom in YOUR language?
Is freedom in YOUR thought?
And are you proud of your freedom?
Do you have freedom?

The monster is my teacher
I shall not pass
She maketh me face the blackboard
She putteth my gum in the trash can
She destroyeth my love notes
She maketh me quiet and taketh away my candy
She waketh me from my sleep and leadeth me to
the office for conduct's sake
Yea, though I walk through the halls of knowledge
I will fear great evil
For I have forgotten my homework
Her face hardens before me
She maketh me write six-hundred lines
She filleth the blackboard with homework
My notes runneth over
Surely mischief and misfortune shall follow me all the
days of my schooling. And I shall dwell in the halls of
this school FOREVER!!!!!!!!!!!!!!

LAST WILL AND TESTAMENT

Being of sound body and mind, I do bequeath my building blocks to Mr. MacLean Esq., my unwashed gym suit to Miss Kartio, my diary to Mr. Arnot in hope that he may continue to analyse me, my gummed-up glue bottles to Mr. Taner, and my campaign buttons to our President, Marisa. Finally, I bequeath myself to Mr. Clipperton and staff in hope that they can reproduce a student as wonderful as me.
